Site Audit: Detailed Issue: Malformed links

www.diginexastore.com

Generated on April 25, 2026

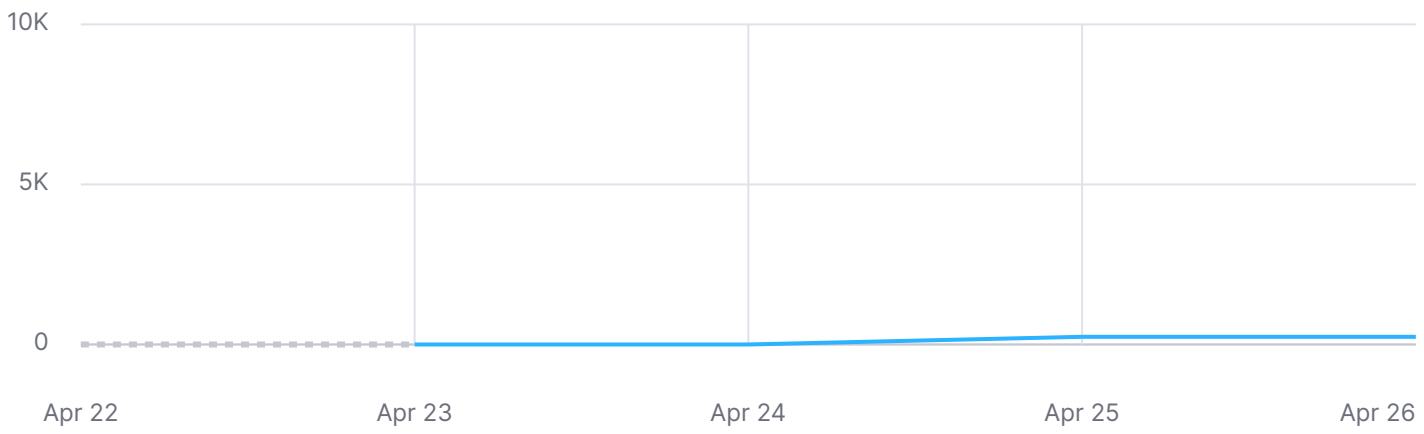
Malformed links

Project name: www.diginexastore.com

Detailed Issue Description

About this issue:
This issue is reported when SiteAuditBot fails to crawl a link because of an invalid link's URL.
Common mistakes include the following:
- Invalid URL syntax (e.g., no or an invalid protocol is specified, backslashes () are used)
- Spelling mistakes
- Unnecessary additional characters

How to fix:
Make sure the link's URL conforms to a standard scheme and doesn't have any unnecessary characters or typos.



Only the first 100 rows are shown in reports. To view the full table, export it as a CSV or Excel file from Site Audit.
